ACHIEVEMENTS

- 1st runner up in **MATRIX** hackethone by Internware.
- Obtained a certification badge in **CLOUD COMPUTING FUNDAMENTALS** on Google Cloud.
- 7th position in **GD Competition** and Golden Ticket achiever by Internware.

PROJECTS

Curahunt - <https://futureforward5.vercel.app/>

- Constructed and developed by my group and myself at the **hackathon** event organized by my college's "Internware" internship cell.
- My team's full stack project, **Curahunt**, helped us place first runners-up.
- As the **leader** and SPOC, I had a major influence in the development of the entire project.
- Along with being in charge of database maintenance, I also learned how to use **Mongo DB**.
- It was a very rewarding experience that advanced both my mental and skill growth.

Portfolio - <https://faisal-mujahid.netlify.app/>

- My portfolio website presents my professional **accomplishments**, initiatives, and abilities in an eye-catching and navigable way.
- It demonstrates my love of visual storytelling and my dedication to creating eye-catching designs that captivate viewers.
- Visitors may **explore** my work with ease and a flawless user experience thanks to easy navigation.
- Mobile device **optimization** to guarantee accessibility and appeal to a larger audience.

WORK EXPERIENCE
